

CONVEX MIRRORS

All angles covered

The highest quality image to prevent theft and accidents

Strategically placed, our extensive range of convex mirrors are used to improve security, safety and operational efficiency in a diverse range of environments, from factories to warehouses, on shop floors and in hospitals, in police stations and prisons – eliminating blind spots and improving surveillance where visibility is poor

Interior Quarter Face

Food Processing Locations

Post Fixed

Portable Inspection Mirror

INTERIOR MIRRORS

Awareness at all times.

With an increasing amount of financial losses due to retail theft, our dome or round security mirrors act as a powerful deterrent, eliminating blind spots and allowing staff or security personnel to better monitor their surroundings and inconspicuously observe customer movements. The mirrors can also be used where visibility is restricted in environments such as factories, warehouses and hospitals to reduce the possibility of collision, human injury and stock damage.

EXTERIOR MIRRORS

Essential vehicle safety.

Whether in a car park or at a road junction, our range of exterior mirrors improve safety by optimising your field of vision on blind spots, tight bends, awkward or concealed entrances and exits and car parks, allowing you to emerge safely and reducing the possibility of collision. Constructed from sturdy materials including an extra-thick mirror surface and UV resistant frame, these scientifically engineered mirrors are built to withstand the harshest environments.

INTERIOR CONVEX – 2-3mm Acrylic

	Dimensions (mm)
M18020J	300 Round
M18038J	450 Round
M18056J	600 Round
M18108J	900 Round
M18330A	600 x 400 Rectangular

Supplied with bright zinc "J" bracket

INTERIOR HEMISPHERE CONVEX "QUARTER FACE" – 2-3mm Acrylic

M18541H	300 Quarter Face
---------	------------------

Designed for corner fixing ideal for observation and as a deterrent. Supplied with dome top screws

INTERIOR HEMISPHERE CONVEX "HALF FACE" – 2-3mm Acrylic

M18535H	600 Half Face
M18553H	900 Half Face

Designed for walls above shop fixtures and for anti-collision purposes. Supplied with dome top screws

INTERIOR HEMISPHERE 360° DOME MIRROR FOR CEILINGS – 2-3mm Acrylic

M18585H	600 Round
M18590H	900 Round

Supplied with dome top screws for mounting on ceiling and suspension kit for adjustment to optimum height

EXTERIOR CONVEX – 2-3mm Acrylic

	Dimensions (mm)
M18044S	450 Round
M18062S	600 Round
M18114S	900 Round

Supplied with bright zinc "J" arm bracket and vinyl back

EXTERIOR DE LUXE HEAVY DUTY CONVEX – 3mm Acrylic

M18066D	600 Round
M18087D	800 Round
M18445D	1000 Round

Supplied with bright zinc "J" arm bracket and post mounting kit to suit 75mm post. Fitted with an orange powder coated galvanised steel back and hood

SPECIALITY MIRRORS

Mirrors are an essential part of every day life, whether you're trying to negotiate an overstocked warehouse or combat terrorism and smuggling. We have developed our speciality range of mirrors to meet an increasing need for designs to meet specific market needs, making sure that each is versatile and easy to assemble.

Fork Lift Rear View

Portable Inspection

FOOD PROCESSING

With all the features and benefits of our range of internal mirrors, our food processing range conforms to food industry standards with a stainless steel or acrylic face for hygienic cleaning and a stainless steel 'J' arm and adjustable mounting bracket. Both have an orange vinyl extrusion for visibility in a factory setting.

Acrylic Model	Dimensions (mm round)
M18244V	450
M18266V	600
M18287V	800

Fitted with a vinyl back

Stainless Steel Model	Dimensions (mm round)
M16144FE	450
M16166FE	600
M16187FE	800

Fitted with a stainless steel back

FORK LIFT REAR VIEW

An acrylic mirror and integral fixing bracket specifically designed to give fork lift operators a 180 view and significantly reduce blind spots.

Model	Dimensions (mm round)
M19952A ABS - Back	300 half face
M19952T TBar - Back	300 half face

TRAFFIC MIRRORS

Securikey's traffic mirrors provide maximum visibility at crossroads, intersections and other areas where viewing is restricted. Mirror frames have red reflective stripes and are supplied with a 75mm post clamp bracket.

Model	Dimensions (mm round)
M18666CS	600
M18687CS	800
M18642R	400 x 600 rectangular

2-3mm acrylic face and vinyl back

ANTI-VANDALISM

A highly polished stainless steel mirror with orange powder galvanised steel back and hood, complete with robust fittings to repel attack. Supplied with a 'J' arm bracket manufactured from bright zinc and a post mounting kit to suit 75mm post.

Model	Dimensions (mm round)
M16047C*	450
M16066C**	600
M16336C*	225 x 320 rectangular

*Supplied with wall and post mounting brackets

**Supplied with clamp post bracket only

Stainless Steel Full Dome

Quarter Face with Anti Ligature Frame

INSTITUTION MIRRORS

Developed for use in the sometimes harsh institutional environments of police stations, prisons and secure hospitals, these mirrors offer unique features that meet stringent Home Office, Police and Prison Service standards.

PORTABLE INSPECTION

Our portable acrylic mirror is used for under-vehicle search and inspection to detect concealed explosives, weapons or drugs. Supplied with a 4-piece, 1 metre long, coated aluminium handle.

Model	Dimensions (mm round)
M18660	150
M18662	230
M18664*	450

*Mounted on castors

FIXING KIT

Each Securiskey mirror is supplied with a fixing kit. Additional kits are available.

Model	Dimensions (mm round)
M21102TD	Torch Mount for D-Cell Maglite
M21121	U Bolt Fitting Kit for 60mm pole
M21122	U Bolt Fitting Kit for 75mm pole

INSTITUTIONAL POLYCARBONATE

Our range of polycarbonate mirrors are designed for applications where flame resistance is a priority such as factories, kitchens and institutions. Its strong powder-coated tamper proof steel frame ensures that the mirror is securely fastened to the tabbed steel fixing frame, to prevent injury.

HALF FACE – 3mm Polycarbonate

Model	Dimensions (mm)
M17537H	600 x 300

QUARTER FACE – 3mm Polycarbonate

Model	Dimensions (mm)
M17527H	300 x 300

INSTITUTIONAL STAINLESS STEEL

Our stainless steel mirrors are manufactured from highly polished mirror-quality stainless steel making it unbreakable, unaffected by heat and easier to maintain. The half and quarter face are supplied with anti-ligature frames.

FULL DOME	Dimensions (mm)
M500CD	500 - frameless

HALF DOME	Dimensions (mm)
M16529HL	500 x 250

QUARTER DOME	Dimensions (mm)
M16525HL	250 x 250
